ATI TEAS Study Information

There are four content areas on the ATI TEAS; Reading, Mathematics, Science, and English and Language Usage. Below are study resources for these four areas.

READING

1. Study the ATI TEAS Study Guide Book the reading section. If you need help in understanding the concepts presented in the reading section, begin reading thirty minutes a day. This can be any book type you like. **JUST READ!** (A student who didn’t pass the first attempt told me that this was the best advice she received and she passed the next time she took the TEAS test.)

MATHEMATICS

1. Study the ATI TEAS Study Guide Book, the Math section. Use the You Tube resource. On the You Tube site, type in the search line ATI TEAS Math Review. **Mr. Keshwani** will help you, by solving every math question found in the ATI TEAS Study Manual. After you finish studying this math section, continue to do one math question a day until you take the proctored test. **NOTE:** If you need to practice more math questions get a copy of the TEAS V Study Manual book and go to You tube and type in TEAS V Math Review. Mr. Keshwani will do all the math question in that study manual.
2. Another You Tube resource for the Math section is Brandon Craft.

SCIENCE

1. Study the ATI TEAS Study Guide Book, use the You Tube resource. On the You Tube site, type in the search line ATI TEAS Science Review. Also there is Mr. Edmonds who has created songs to help explain many scientific principles.

ENGLISH AND LANGUAGE USAGE

1. Study the ATI TEAS Study Guide Book; study the English section of the ATI TEAS Study Guide Book. Use the You Tube resource, on the You Tube site, type in the search line ATI TEAS English Review.
2. Another good You Tube resource is Carolyn McAllister.
3. If you are a COS student, you can use the Language Center and ask for Kellie to help you with the English portion. (Kellie has a copy of the study guide and can help you.)
4. Go to Amazon and buy the book on English punctuation titled “Eats, Shoots and Leaves” It cost around $12. Or you could purchase English Grammar or English Grammar Workbook for Dummies.
5. Know how to spell the most commonly misspelled words from the Mometrix book (pg. 134 & 135).
Another great resource is Khan Academy. Google “Khan Academy” and register on the site. Khan Academy will help you learn any subject.

I came across this great comparison article and highly recommend the book: http://www.mometrix.com/blog/best-teas-5-test-vs-new-ati-teas-test-comparison-2/
This page has a completely free TEAS test study guide: https://www.mometrix.com/academy/teas-test-study-guide/

What you need to know about the ATI TEAS Practice Tests, Study Guides, and Flashcards for the TEAS. The test measures your general knowledge of four subjects: Mathematics, Science, English and Language Usage, and Reading. There are 2 versions of the test: electronic and paper and pencil. The type of test you take depends on where you are taking it. The content on the test is the same no matter which version you take.

Free TEAS Test Prep - Union Test Prep https://uniontestprep.com/teas and another site; http://exampedia.org/wiki/TEAS_Test

Another great resource to carry around is Quick Study Academics - Nursing TEAS.
