The Social Media training workshop is designed to provide a foundation for the use of social media as a marketing tool in a business environment. By the end of the class, customers will have at least one complete social media profile including a minimum of eight (8) starting posts and an opportunity to do initial site analytics. This class will be useful for marketing professionals as well as those with their own small business, start-up or at-home business. This class is designed to allow you to see results on your social media pages by the end of the class.

This class will cover Facebook, Twitter, LinkedIn and Instagram and will touch on Google+, YouTube, Pinterest and more.

This class is interactive as well as discussion orientated. It is designed to be fully customizable to your employee training needs and we are able to conduct this training at your site or ours.
