

# UTILITY VEGETATION MANAGEMENT PRE- INSPECTOR LV. 1

Become a Vegetation Management (UVM) Pre-Inspector and take on a vital role in environmental stewardship, infrastructure resilience, and community safety. As a pre-inspector, you'll help maintain harmony between nature and utility systems, prevent power outages, and ensure public safety by managing vegetation around critical infrastructure. This career offers daily opportunities for problem-solving, decision-making, and collaboration with utility crews and arborists, all while working outdoors in varied landscapes. With continuous learning opportunities and a direct impact on the community, becoming a UVM Pre-Inspector is more than a job—it's a chance to make a meaningful difference. Sign up today and start your journey!

## Brief Class Outline

- General safety
- Tree biology, growth rates, identification, and clearance
- Utility tree risk assessment and hazard tree assessment
- Contracts and customer communications
- Reporting electronic tools
