

# UVM Pre-Inspector

## LV. 1 TRAINING

Join us for this 2-week training where you will learn about a multitude of topics such as Level 1 Pre-Inspector scope of work, tree biology, tree identification, emergency response, work requests, and so much more! You will spend time with our excellent team of trainers both indoors and outdoors, exploring, learning and preparing for your new career in the fast-growing industry of Utility Vegetation Management.

➤ **COHORTS SCHEDULED FOR AUGUST, OCTOBER & DECEMBER, 2024!**

# Utility Line Clearance

## ARBORIST TRAINING

This 5-week program, developed by leaders within the Utility arboriculture industry, offers trainees an opportunity to develop best practices, skills, and knowledge required for a career as a utility line clearance arborist. Employers gain utility arborist employees with an understanding of the job requirements, as well as demonstrated skills, compliant with OSHA, ANSI and Industry standards.

➤ **FIRST OF 5 COHORTS TBA IN FALL OF 2024! CONTACT US TO BE ADDED TO THE WAITING LIST!**

*Both courses are developed and lead by top industry professionals!*
